2024 ANNUAL REPORT

**Preserving, Restoring, and Sharing
our Community's Cultural Heritage**

newportrestoration.org

2024 was a year of growth and impact for NRF. In welcoming a herd of globe-trotting elephants to Rough Point, we introduced a whole new generation to the life and legacy of our founder Doris Duke. Our Historic Trades Initiative expanded with new workforce programming that enabled the up-skilling of more tradespeople than ever before. We undertook the restoration of 34 Thames Street, ensuring its long-term preservation while sharing new discoveries about the building’s architectural history along the way. In 2025, we look forward to more collaborative community-centered programming, a strategic plan for the next chapter of Keeping History Above Water, a capital and use planning project for Vernon House, and increased capacity to carry out our preservation work.

— The NRF Executive Team: Alyssa Lozupone, Gina Tangorra, and Amy Winsor

MISSION

The Newport Restoration Foundation promotes and invests in the architectural heritage of the Newport community, the traditional building trades, and Doris Duke’s fine and decorative arts collections, for the enjoyment, education and inspiration of all.

VISION

The Newport Restoration Foundation is a non-profit organization established by philanthropist Doris Duke in 1968 to preserve the architectural and cultural heritage of Newport. NRF promotes economic and community restoration through historic preservation initiatives like Keeping History Above Water, which addresses the impact of sea-level rise on cultural heritage in the wake of climate change; the Historic Trades Initiative, which trains the next generation of preservation tradespeople; and Telling Stories, which documents, records, and collaboratively shares the stories of people connected to the places we care for. In addition to a collection of more than 70 colonial houses, now rented to tenant stewards, NRF operates properties that are open to the public — including Rough Point, the Newport home of Doris Duke, and The Vernon House, a site of expansive storytelling, contemporary dialogue, and preservation trades skill-building.
